Release plan: Search indexing v2

The indexing pipeline moves from nightly batches to a streaming update. This document covers the rollout, the owners, and the checks that gate each stage.

Passage 0

Passage 0, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 0, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 0, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 0, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 1

Passage 1, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an

agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 1, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 1, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 1, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 2

Passage 2, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 2, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 2, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 2, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 3

Passage 3, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 3, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 3, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 3, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an

agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 4

Passage 4, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 4, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 4, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 4, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 5

Passage 5, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an

agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 5, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 5, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 5, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 6

Passage 6, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 6, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 6, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 6, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 7

Passage 7, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 7, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 7, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 7, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an

agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 8

Passage 8, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 8, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 8, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 8, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 9

Passage 9, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an

agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 9, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 9, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 9, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 10

Passage 10, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 10, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 10, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 10, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 11

Passage 11, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 11, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 11, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 11, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an

agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 12

Passage 12, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 12, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 12, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 12, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 13

Passage 13, paragraph 0. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an

agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 13, paragraph 1. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 13, paragraph 2. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.

Passage 13, paragraph 3. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it. Reading stays at the same passage while an agent adds content above it.
